

Water-Wise and beautiful!

Drought solutions for California's
changing landscape.

California Drought Solutions and **Water-Wise Varieties** from Ball Seed continue to brighten parched landscapes and gardens during this critical time of drought and water rationing.

You'll find a comprehensive, easily searchable database of **drought-tolerant annuals, perennials, grasses, succulents and shrubs** at Ball WebTrack®. We've widened our supply chain for these varieties to ensure the most reliable availability and the timeliest delivery to meet your customer's needs.
