

KongTM boasts
huge leaves
in eye-catching **& unique** colors

Kong Salmon Pink

Kong Series Coleus

A terrific accent plant, these well-branched, mounded plants create beautiful containers and landscapes.

Kong performs best and shows more intense color outdoors in full shade, and can also be used as an indoor lifestyle plant in bright light conditions. Good for 4.5-in. (11-cm) to gallon programs with 3 plants per pot.

Series is a Mississippi Medallion Winner.

Salmon Pink was a Silver Medal winner in the University of Illinois Master Gardeners 2008 trial garden in Champaign, IL.
